If you've got this far I'm hoping you like my photos - and if so, I would love to work with you to capture your day in my special way! Let's lock up some of the amazing memories you are about to create in some beautiful, timeless photographs.

The packages in this leaflet are popular starting points that many couples love. However, don't get tied up in 'rules' - it's your wedding so if you want something a bit different to these packages get in touch and we'll sort it.

Many couples tell me at least one of them has some worries about being in front of the camera or believes they are 'not very photogenic'. I love to put them at ease and prove them wrong. I work in a very low stress, unobtrusive way. I won't take you away from your friends for hours on end—I'll just capture natural moments of you and your guests enjoying the day. Most importantly, I can promise that we'll capture some beautiful memories of your day that you'll enjoy treasuring and sharing. **Check out my reviews on Facebook.**

If this sounds good so far take a look at the rest of this leaflet, find a package that is similar to what you need, and give me a call or drop me a message. Email, phone or text or WhatsApp is all good but if you want to chat about your big day over a coffee that would be lovely! They'll be no hard sell, no obligation—I'd just enjoy hearing your plans!

I'm also very experienced in doubling up as a witness for elopements—no extra charge!

The prices set out in this brochure are correct at the time of publication but may change without notice. Also, if you have a quirky plan, something different or a destination wedding planned let me know—I travel and I might be able to offer a discount.

KIND WORDS FROM MY COUPLES

See more on my Facebook page: www.facebook.com/geofflovephotography

Geoff is a fantastic wedding photographer. He takes beautiful photographs and captures the moment and emotion perfectly. Geoff invests time getting to know the couple through the engagement shoot and really helps you feel comfortable in front of the camera. He is super organised and makes sure you get the group shots you need, as well as knowing/checking out all the best spots for photos at your chosen venue before the day. Geoff is adaptable and fits around what is going on.

If you choose Geoff as your wedding photographer, there is no need to worry about weather or light - Geoff made sure we got some brilliant outdoor shots in the rain with the assistance of his trusty umbrellas and by not minding getting a tad soggy!! The turn around time on our photos was brilliant, rather than having to wait months for them being edited they were waiting for us before we returned from honeymoon. Geoff makes it easy to make choices on albums and has a range of options available to suit everyone. In summary, we and our whole families would 110% recommend Geoff as a photographer. He takes wonderful photos and is really lovely man. Thank you again Geoff!!

Hannah & Martin

Hi Geoff,

I can't tell you how delighted we are with the photos, they captured the day perfectly, in fact it looks like a photo shoot, the sky and the surroundings look amazing and I don't think any of us realised how gorgeous Becca and Jonty are!! Including Becca and Jonty!

You managed to capture the wedding and the preparations without being obtrusive, and I think that that the atmosphere is reflected in them. We had a lovely day, and your photos are a wonderful reminder. Thank you so much.

Lynne

What an absolute pleasure it was to have you capture our big day. Geoff is a true professional and an absolute gentleman! His patience and professionalism is second to none. From the initial correspondence all the way to the final minutes of our big day, he was flawless.

I would highly recommend his services to anybody looking to hire a simply amazing photographer.

Mr and Mrs Walker

Absolutely amazing photographer! Photographed my wedding and the pictures are faultless, puts all he has into capturing the most beautiful photos for the occasion and always does a flawless job! And to top it is a lovely person, highly recommended!

Alix & James

Absolutely amazing! Our pictures came out so beautiful! Such a dream to work with as we had no clue what to do but he just guided us through it so effortlessly! What a PRO!

Malissa & Andrew

Geoff's photos of our wedding were exactly what we had hoped for and we would highly recommend him for weddings or other events. We were particularly impressed by his creativity with the photos, capturing the day in a calm and discreet manner, responding very quickly to any emails and questions, and even offering us a lift to the evening venue! He went out of his way to help us, but also provided us with the most magnificent selection of photos and memories. Before the wedding, we also commissioned Geoff to do a family photo shoot, and were impressed that he even managed to capture the two dogs looking at the camera! Excellent work, and thank you.

Bridal Boudoir

BEAUTIFUL BRIDAL BOUDOIR SHOOT—OPTIONAL & FREE

For brides to who this appeals I offer an optional, free Bridal Boudoir shoot to those who have booked wedding coverage with me. It's an opportunity for you to secure some gorgeous, tasteful images of yourself to cherish —just for you or to gift to your partner.

The session can take place in your own home or in a beautiful hotel room arranged by me (small extra charge) or yourself.

Safe, relaxed and easy going, the shoot lasts up to 2 hours, usually sufficient for you to wear three of your favourite outfits. You're welcome to bring a friend along to help with hair, makeup and clothing changes if you wish.

After the shoot you'll get to preview the edited images either in person or via a secure online gallery. If you like what you see, there is the option to purchase digital images, prints, albums etc. There is no obligation to purchase if you do not wish to, but many take the opportunity of buying a beautiful album or print box to gift to their partner on the morning of their wedding. Or maybe for Valentine's day, birthday or Christmas!

This shoot really isn't just for those who consider themselves to have 'model' looks—everyone can look like they are on the cover of a magazine with good lighting and photography. We'll discuss they style of image you like and how to make the best of your looks before the shoot and I can promise anyone who does the shoot, regardless of age, shape or size, that we will create some gorgeous images of you that you and your partner will love.

The whole shoot is professionally managed and it goes without saying that all images will remain confidential.
